The Code

The Code of the smartly dressed woman demands that the accessories as well as the gown shall be above criticism.

Patrician Shoes for Women

Since the designing of the first *Patrician Shoes for Women*, their makers have studied to please the fashionable and the aesthetic standards of the discriminating woman buyer.

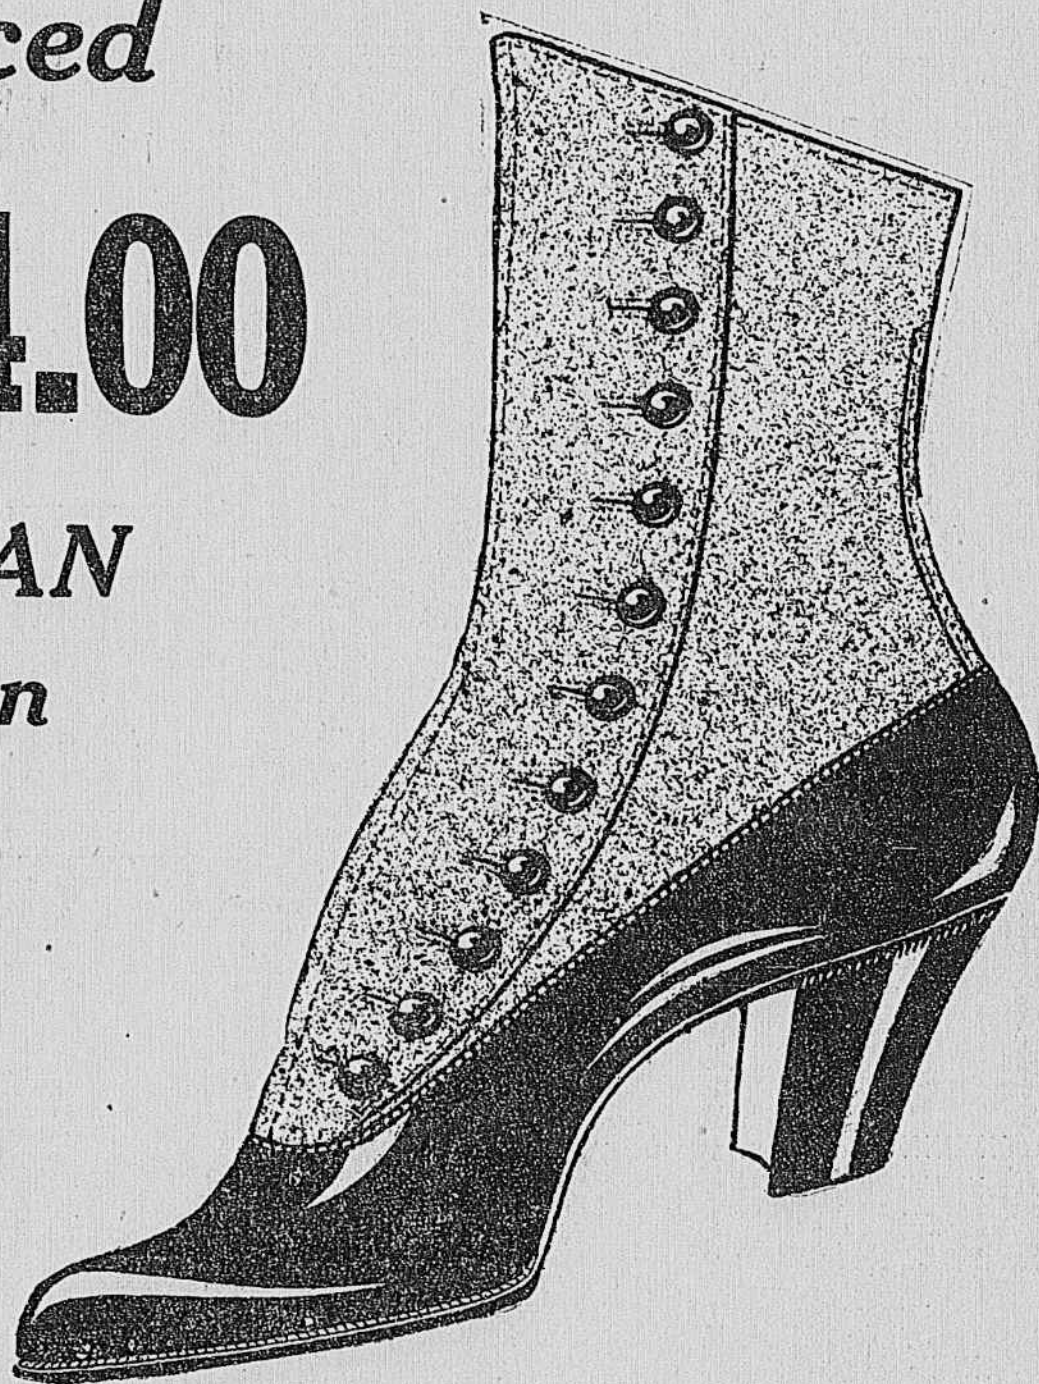

The dainty feminine note is strikingly evident in the New *Spring Patricians*, the variety and beauty of which have never been surpassed.

Exclusive women will find each design a beauty of workmanship and finish, and pronounce them all unequalled in style and cut.
